BRIEF ANNOTATIONS

Before the name - Status

V	visitor
M	migrant
BM	breeding migrant
N	nomadic

After the name - Abundance

C	common
M	moderately common
U	uncommon
Ra	rare
VRa	very rare
NRR	no recent records
W	widespread.

Location numbers indicate only some of the reserves where species have been recorded.

Notes in brackets refer to species that have not been recorded in recent years but were present after 1970. For example, (C 5-1983) means 'common at site 5 in 1983'.
