## **Sources of Information**

- Birds Australia
- Birds Australia Western Australian
- Department of Environment and Conservation
- Members' personal records Western Australian Museum

## **Explanation**

The six sites chosen have been arranged from a south and west to a north and east direction to more easily identify the limit of some species (see Guide 35a).

## **Code**

Ra - rare or uncommon

# - fall-outs during fly-over (probably 'fall-out' from flocks on trans-Australian journey)

J = Jaurdi CP

K = Kurrawang NR

V = Victoria Rock

B = Boorabbin NP

R = Rowles Lagoon

G = Goongarrie NP
